

LEVELING GUIDE

Fusion
Powers
Stars!

Based on age and experience, we have several "star clusters" that create a dancer's journey through the Fusion Dance Center universe.

Where will you shine in your star journey?

EXPLORERS! Ages 3-6, these are tiny dancers just beginning! Recommended for kids who have never had any form of extracurricular activity (up to 6 yo).

protostars Ages 5-8, these are newly formed stars! Typically graduated Explorers and new elementary students up to 8 yo.

RISING Stars Ages 7-10, these are stars rising from their newly formed phase! Typically graduated Protostars and new students 8-10 yo.

Super Stars Ages 9-14, these are where our stars really expand their journey! They are graduated Rising Stars and new students 11-14 yo.

SUPERNOVAS Ages 13+, These are advanced stars finishing their Fusion journey, and preparing for other adventures!

NEUTRONS Ages 18+, Our seasoned stars!

Join Our
Galaxy!

To graduate to the next star level, a dancer must have either been in that level for 2 years, or be recommended for promotion by a teacher and approved by the owner. A dancer more than 1 year above the age range listed will be moved up. Teachers may adjust leveling to best fit the student's learning needs. At the end of the dance season, each dancer will receive the level recommended for next season's enrollment. When moving up a level they will receive an achievement certificate!
